## About Us

Cascade Rehabilitation and Summit Rehabilitation are partnerships of experienced manual therapists with a commitment to ongoing skill development. We specialize in rehabilitation for sports, spine and work-related injuries. We also focus on sub-specialties in hand therapy, women's health, aquatic therapy and vestibular rehabilitation.

Discover the advantages of working in our therapist-owned orthopedic physical therapy clinics located throughout King and Snohomish counties.

In addition to our comprehensive benefits package and sign-on bonus, we also offer:

- opportunities to work alongside manual therapists with an average of 15 years' experience,
- advanced clinical mentoring programs,
- generous continuing education support, and
- profit sharing and ownership potential.
